

# APPS FOR ENDING VIOLENCE AGAINST WOMEN INVENTORY

This inventory offers a collection of mobile applications specific to ending violence against women on the App market and a summary of the primary functionality. We welcome updated information on the Apps and notices of new EVAW Apps. Please send information to [elita.ouk@asiafoundation.org](mailto:elita.ouk@asiafoundation.org).

No.	Name	Description	Type	Downloads	OS	Pricing
1.	<a href="#">1 In 3 Be Free</a>	The 1 in 3 Be Free App has been created by women for women as an educational tool, and a way for women to connect with support services in their region of New Zealand, should they need to. It has a quiz that helps women screen for indicators of all forms of domestic abuse and violence from a current or previous partner.	Prevention	100 - 500	Andriod	Free
2.	<a href="#">50:50 #KeepItEqual</a>	It aims to build a youth community and engage them through training programs, gender campaigns, social activism and media, so that they begin to understand their rights, and how to stand up for them. It aims for the youth to slowly spark a small movement and help people see how the world can be so much better when opportunities are shared 50:50.	Prevention	100 – 500	Andriod	Free
3.	<a href="#">7 Plus</a>	This app promotes awareness on rights and laws that are tailored to increase personal safety and responses for women working in the food and service sector so that these workers can claim their rights and stay free from sexual harassment and violence in their workplaces.	Prevention	100 – 500	iOS	Free
4.	<a href="#">AksyonVAW</a>	This app demonstrates the need for users to know their rights and to keep safe when online. The app features three types of violence women face online - such as cyber bullying, identity theft and online harassment and provides some solutions and tips on what to do when one experiences such violence online.	Protection	50 – 100	Android	Free
5.	<a href="#">ASK DC</a>	This app includes a panic button that immediately calls local emergency personnel, the ability to alert friends and share your GPS location with selected contacts, and local resources in the event you have experienced sexual violence.	Response	100 – 500	iOS, Android, Blackberry	Free
6.	<a href="#">Aspire news</a>	This app contains summaries of top stories in world, sports, and entertainment news. Additionally, the Help Section of the application provides resources for victims of domestic violence.	Response	160,000	iOS, Android	Free

7.	<a href="#">Aurora</a>	This app contains emergency contacts, information on the sorts of behavior considered to be domestic and family violence, and links to support services available in NSW. It also allows the users to message their trusted friends and family members or call emergency services immediately.	Protection, Response	1,000 – 5,000	iOS, Android	Free
8.	<a href="#">Circle of 6</a>	This app lets you choose six trusted friends to add to your circle. If you get into an uncomfortable or risky situation, you can send your circle a pre-programmed SMS alert message, with your exact location.	Response	300,000	iOS, Android	Free
9.	<a href="#">Daisy</a>	This app connects women around Australia to services. It can link you up with a service phone number, be used to search the internet for more information and let you know what to expect when contacting a service.	Protection	500 – 1,000	iOS, Android	Free
10.	<a href="#">Damini</a>	This app helps women in distress immediately alert their near and dear ones by sending an SOS message that has their current address and location details. Moreover, the app starts recording video clips using the phone's camera and continuously sends the recorded clips to Cloud.	Response	1,000 – 5,000	Android	Free
11.	<a href="#">Document it!</a>	This app is designed by Training Institute on Strangulation Prevention to help women document their incidents and references of an event. Gather as much detail as possible and submit the evidence to law enforcement officers or to an attorney with a click of a button.	Protection	-	iOS	\$1.99
12.	<a href="#">Eyewatch</a>	With the click of a button, this app informs your Call Guardians where you are and what is happening. It captures audio before activation, records video after, and calls your Call Guardians on Speakerphone automatically.	Response	10,000 – 50,000	iOS, Android, Blackberry, Nokia	Free
13.	<a href="#">FightBack</a>	A joint initiative of Motorola and Tech Mahindra, this app sends SOS alerts from your phone. It uses GPS, SMS, location maps, GPRS, email and your Facebook account to inform your loved ones in case you are in danger.	Response	10,000 – 50,000	iOS, Android, Windows, BlackBerry	Free
14.	<a href="#">Freedom Charity</a>	This app offers help, assistance and instruction to children, friends of children, professionals with an interest and any other parties.	Prevention	500 – 1,000	iOS, Android, BlackBerry	Free
15.	<a href="#">Guardian</a>	This app, powered by Microsoft India, helps women in distress by alerting their friends, families as a standalone app, as well as it is available as an integrated solution for Police or security agencies who can monitor distress SOS calls and provide help through a portal.	Protection	70,000	Windows	Free

16.	<a href="#">Good Men Quiz</a>	“Good Men” Quiz challenges and measures the level of how a good man you are towards gender equality and gender based violence. Play “Good Men” quiz to answer critical questions associated with gender equality perspectives, gender norms and different way to be a man in Cambodia context.	Prevention	10,000 - 50,000	Android	Free
17	<a href="#">Himmat</a>	This is a free application highly recommended for women in Delhi launched by Delhi Police. User needs to register at Delhi Police website. After successful registration, user gets registration key (OTP) which needs to be entered to complete application configuration. As soon as the user raises the SOS alert from the Himmat App, the location information and audio-video is transmitted to Delhi Police control room. Delhi Police can then immediately send the nearest Police help to the victim.	Respond	50,000 - 100,000	Android	Free
18.	<a href="#">Hollaback!</a>	In addition to the option to share your story, the app includes a Map, where you see incidents of harassment. You can also learn more about how to respond to harassment and be a better bystander.	Prevention	20,000	iOS, Android	Free
19.	<a href="#">iEAA(Evidence Abuse Affidavit)</a>	This app provides users with a step-by-step method to create and record their EAA. It walks potential victims through the process of creating their own video testimony and then securely time stamps the video to prove its existence.	Protection	-	iOS	\$9.99
20.	<a href="#">iFollow-Ladies safety, SOS</a>	This app gets activated when shaking the device for 5 seconds and it will automatically dial a voice call to your prime contact configured in the device.	Response	5,000 – 10,000	Android	Free
21.	<a href="#">iMatter</a>	The iMatter app has been developed to help young women understand the warning signs of abusive and controlling behaviour in relationships as well as promote healthy self-esteem. Users can share content, save content to their phones and learn how to recognize and address controlling/abusive behaviour and gender inequality, as well as support others who are experiencing violence.	Prevention	1,000 - 5,000	iOS, Android	Free
22.	<a href="#">Krousar Koumrou</a>	This app provides public information and raises awareness on domestic violence where animated PSAs are linked to a quiz and the results are sharable via Facebook.	Prevention	500 – 1,000	Android	Free
23.	<a href="#">Love Is Not Abuse</a>	This app simulates for parents the abuse that many teens endure in their dating relationships. For just a few minutes, application users will receive text messages, emails and phone calls from a ‘boyfriend’ or ‘girlfriend’ that mimic the actual communications abused teens receive.	Prevention	-	iOS	Free

24.	<a href="#">Mo Sathi</a>	This app makes police assistance available to the distressed women facing threat to life, especially women and girls traveling alone. This application provides single click to call or send SMS to your contacts in case of an emergency. The message delivered to the recipient will have your GPS location.	Response	10,000 - 50,000	Android	Free
25.	<a href="#">Nirbhaya: Be Fearless©</a>	This app can send a distress call or emergency message to a specified contact or group in an emergency situation faced by a woman or any other individual in general.	Response	10,000 – 50,000	Android	Free
26.	<a href="#">Not Your Baby</a>	This app helps people deal with sexual harassment at work, school, transit, home or in public spaces. It allows users to input where they are and who's harassing them. A possible response is generated based on the input of people who've shared what they've done to deal with similar instances.	Prevention	500 – 1,000	iOS, Android	Free
27.	<a href="#">On Watch</a>	This app has six customizable alert modes that allow you to alert your friends, Campus Police, local 911 or a combination of all three if you need help. In just two taps, you can send out an alert via phone, text, email and Facebook.	Response	500 – 1,000	iOS, Android	Free
28.	<a href="#">One Love My Plan</a>	This app is designed to help women and their friends to determine if a relationship is unsafe and create an action plan to leave safely.	Prevention	1,000 – 5,000	iOS, Android	Free
29.	<a href="#">Open Box</a>	This app allows organizers to get their messages out and empower women to share event notices, confirm attendance for events, access network analytics, and get updated information through a newsfeed in a secured space.	Prevention	50 – 100	Android	Free
30.	<a href="#">R3: Recognize, Respond, and Refer</a>	This app allows you to find out if you or someone you know is in an abusive relationship. Leveraging the HITS screening tool, the app uses four simple questions that are proven to be 91% effective in determining an abusive relationship.	Prevention	1,000 – 5,000	iOS, Android	Free
31.	<a href="#">R-Mitra</a>	R-Mitra is a mobile application that is all about the security of the people, especially for the women who travel on the suburban network of Eastern Railway. The basic functionality of the application will alert the nearest RPF Inspector and Divisional Security Control Room in case of any emergency, with just the press of a button. Once the button on the app is pressed, the physical location (co-ordinates) of the victim will be sent to the DSCR with the help of GPS and GPRS and the concerned DSCR will be able to track the user and ensure action on the same immediately.	Respond	10,000 - 50,000	Android	Free

32.	<a href="#">Raksha - Women Safety Alert</a>	This app alerts the specific contacts you have chosen beforehand by the press of Volume button. Your location is sent to them on a map.	Response	10,000 – 50,000	Android	Free
33.	<a href="#">Rave Guardian</a>	Rave Guardian improves your personal safety by leveraging those you trust to be your own private safety network. It provides rapid and proactive communication with friends, family, co-workers, your college or university, and even participating 9-1-1 call centers in the event of an emergency.	Response	10,000 - 50,000	iOS, Android	Free
34.	<a href="#">Ridesafe</a>	RideSafe ensures your safety while travelling in a cab, taxi or auto, by automatically detecting a deviation in your route to your destination. This is done via a new algorithm invented by a team of IIT and BITS-Pilani graduates. The algorithm monitors your ongoing cab ride in real-time for any suspicious on-road activity by the driver.	Protection	5,000 - 10,000	OS and Android	Free
35.	<a href="#">RUsafe</a>	This app is a dangerous relationship assessment tool developed by Women's Center & Shelter of Greater Pittsburgh and Newton Consulting. It helps users identify if they are in a potentially dangerous situation and connects them to a domestic violence hotline in their area.	Prevention	100 – 500	iOS, Android	Free
36.	<a href="#">Safe Agent 008</a>	This app provides personal network notification using a mobile messaging system to send women's GPS coordinates to family and friends when they feel in danger and allows them to report violence anonymously.	Response	100 – 500	Android	Free
37.	<a href="#">Safe City</a>	Safe City is a handy tool to geographically mark and report a safety issue faced by women and children. It aims at creating a social response system where this information is actively pursued in reaching out to the person in need and bring to the notice the issues and their causes so they can be addressed and monitored.	Response	-	iOS	Free
38.	<a href="#">Safenight</a>	This app alerts individual donors to fund hotel rooms when local domestic violence shelters are full. Agencies use a web-based tool to send a request for emergency funding and donors receive an opportunity to pay via SafeNight.	Response	500 – 1,000	iOS, Android, Windows	Free
39.	<a href="#">Safetipin</a>	This app is designed to keep you safe. It has a complete set of features; GPS tracking, emergency, important contact numbers, directions to safe locations, pins showing safe and unsafe areas, and a Safety Score.	Prevention	30,000	iOS, Android, Windows	Free
40.	<a href="#">Shake 2 Safety</a>	Shake2Safety is a personal safety app by letting you shake your phone or press power button 4 times to send SOS text message with location and/or call to contact people to save you.	Response	10,000 - 50,000	Android	Free

41.	<a href="#">ShakeSOS</a>	This app is designed to prevent sexual assault or any other crime with you. It is a secure way to call for help and let your friends and family know about any danger you are in. Just shake your device to instantly and securely share your location and custom message with your family and friends.	Response	500 – 1,000	Android	Free
42.	<a href="#">Smart-Safe</a>	Smart-Safe is an app that deters violence, by capturing photos, voice prints, video of the would be attacker, and sounding warnings in multiple languages, with flashing lights to attract the attention of others. But it can equally be used in stealth mode to record sexual harassment, bullying or violence on a date. It also has a fun mode to broadcast live images from a party you are at, or while window shopping, or on safari.	Response	1,000 - 5,000	iOS and Android	Free
43.	<a href="#">Stay Safe</a>	This app is designed to protect you when you need help. It lets you call your loved ones without opening phone book or dialing a number and uses your location data to send out an sms to up to 3 saved numbers at the press of a button.	Response	500 - 1,000	Android	Free
44.	<a href="#">Stop a Stalker</a>	This app helps victims of stalking collect information, collate it, and report to authorities. It records suspect, vehicle, witness and location details.	Protection	-	iOS	\$0.99
45.	<a href="#">Stop Harassing Me Now</a>	The Stop Harassing Me Now App empowers the harassed to proactively record interactions to enable legal or other authorities to intervene. Using the evidence the app collects, appropriate action can be taken to quickly end the harassment, bullying, or abuse. The app easily retains a user-identified harasser's messages, conversations, and call history to preserve them in the company's secured cloud and ensure their admissibility in court.	Protection	100 – 500	iOS, Android	Free
46.	<a href="#">td411</a>	This app provides essential information to teens. It answers questions that they may be too afraid to ask and includes interactive tools to help them learn about their relationship and to connect with a counselor if they need someone to talk to.	Prevention	100 – 500	iOS, Android	Free
47.	<a href="#">Teen Dating Violence NYC</a>	This app is intended for all teens, especially those in New York City, to help, educate and inform on how to recognize the characteristics of a healthy or unhealthy relationship as well and provide many resources to seek help.	Prevention	-	iOS	Free
48.	<a href="#">U of Nine</a>	U of Nine is an app-based solution to help colleges and universities educate students and employees about sexual violence, sexual harassment, intimate partner violence and stalking. A cost-effective way to offer awareness and education content for audiences that can be hard-to-reach.	Prevention	50 – 100	iOS, Android	Free

49.	<a href="#">VINEmobile</a>	This app is the mobile version of VINE (Victim Information and Notification Everyday). It allows victims to register for timely and reliable information regarding the custody status of offenders 24 hours a day.	Protection	100,000 – 500,00	iOS, Android	Free
50.	<a href="#">VithU</a>	This app begins sending out alert messages every 2 minutes to your contacts at the click of the power button of your smartphone 2 times consecutively.	Response	1,000,000 – 5,000,000	iOS, Android	Free
51.	<a href="#">Watch Me 911</a>	This app has four main features: a panic alarm and flashlight, an automatic 911 emergency dial, a panic mode and a monitor me mode. The panic mode will send SMS messages along with your GPS location to a predefined contact in your address book so that they can help you. The monitor me mode is about keeping your loved ones up to date about your location. If you're a single woman who perhaps lives alone, this is the right app for you.	Response	-	iOS	Free
52.	<a href="#">Watch Over Me</a>	The app will track you via GPS throughout your predefined journey time until you check in safely. If you fail to do so when time's up, your emergency contact list gets notified immediately via email, Facebook or SMS. Shake your phone to trigger an emergency alert immediately and turn on your phone's camera to record what's going on.	Protection, Response	100,000 - 500,000	iOS, Android	Free
53.	<a href="#">What It Is quiz</a>	This app is a mobile quiz game that raises awareness about sexual violence and supports youth 12 to 25 dealing with sexual violence.	Prevention	10,000 – 50,000	iOS, Android, Blackberry	Free
54.	<a href="#">Women's Human Rights</a>	This App is a practical tool for easy access to relevant international legal instruments as well as agreed language contained in 128 UN documents on women's human rights adopted by UN bodies. It helps safeguard negotiated achievements and to make further progress in the field of women's human rights and gender equality.	Prevention	1,000 - 5,000	iOS, Android	Free
55.	<a href="#">Women Security</a>	This app helps women in distress by alerting their contacts. It also records voice around surroundings for 45 seconds and send the recordings to the recipient number.	Response	5,000 – 10,000	Android	Free
